

2007 Maryland Health Care Workers Influenza Initiative

What is it?

An initiative that gives resources to health care facilities to aid efforts to increase influenza vaccination rates among health care workers.

What types of resources are available?

A toolkit highlighting various campaigns to increase vaccination rates among health care workers and a possible grant to fund your campaign.

How do I become a "Registered Partner"?

Go to www.EDCP.org and click on the Health Care Workers Influenza Initiative Survey. Upon completion, a grant application will be emailed to you. Grant applications must be postmarked by September 27, 2007.

What is required of registered partners?

1. Complete a survey providing information about your planned flu campaign.
2. Launch a campaign to promote influenza vaccinations among health care workers.
3. Complete a wrap-up survey to report your employee flu vaccination rates.
